With Prospectr's highly skilled and reputable marketing efforts, our vision is met and our expectations greatly exceeded. Week after week, the Prospectr team continues to deliver on their word."

"The Prospectr Team has surely shown how much they care about the success of our campaign. You have provided many great opportunities for business growth. I have no problem whatsoever validating the professionalism, effort and customer service across the board. You and Ryan have been great to work with. Your company is honest and you do act in the interest of partnership. That's a rare commodity today."

—Scott Kubec, General Manager, System4 USA Chicago

"Working with Prospectr has been a delight. After having some in-depth discussions about who our target demographic was and fine tuning the campaigns to match that, we have been in a great groove and have seen some wonderful results. To date, we're looking at over a 10x return on investment, which is something we're glad to continue indefinitely."

—Justin Beegel, Founder and President, Infographic World

"One 55-year-old executive called to tell me that he has been in business many years and liked the simple fact that the email message was noninvasive and not pushing him to do something. Even though he was not the contact in charge of purchasing Velcro, he liked the message so much that he sent it to the right person. He also forwarded the message to his wife in the medical device field that uses high quality Velcro. Another lead that I called said that they really liked our message and how quickly we responded to the email. Prospectr provides a Best Practice rhythm of calling and following up on the lead. I have found that not only do I receive great leads with new business potential, but I also have quality customer support from the Prospectr team. Every week our Customer Success Manager calls us to go over creative, leads and stats of the campaign. It's a good partnership and a great way to grow our business."

—Corey Essel, Vice President of Sales, RZ Industrial

"I just want to say that we have been blown away with the quantity of leads over the past 4 months. We are considering pausing our campaign because we cannot handle this level of interest. We never expected the campaign to be this successful and I can say we will be partners with Prospectr for a long time."

—Bruce Bennett, Chief Executive Officer, Star360

"In the 13 years I have been in business with external and internal teams for marketing Prospectr is one of the two success stories that we have to tell."

"In a very competitive industry, Dan and his team have delivered highly qualified leads. These potential cleaning customers are larger, more motivated and much more likely to choose Vanguard than leads that we received from telemarketing companies. We continue to work with Prospectr because they listen and modify the campaigns to our needs. They are a great addition to our marketing and sales portfolio."

—Cindy Banchy, General Manager, Vanguard Cleaning Systems MN

"After 8 years of business, I've tried just about everything. I've tried telemarketing, simple email marketing, hiring of sales staff, holding booths at trade shows and handing out expensive giveaways. My company has done alright, I suppose, mostly due to the high quality of our product and customer service, and repeat business from the clients we've found over the years. However, one thing I've learned the hard way is to have zero tolerance for underperformance in my marketing team. When the team at Prospectr approached me, I was skeptical and assumed that they were like all of the other groups, and so I took my time getting back to them, and tried a few other lower-cost options with minimal effect. Finally, I came around. This was in April. Now it's October and since the very week they started CosmocYTE hasn't had a single hour of downtime. If all that's missing from your business is that your product isn't being seen by the right people, then you need to give Travis and the team at Prospectr a chance."

—Cameron Slayden, Chief Executive Officer, CosmocYTE

"System4 Chicago has been utilizing the Prospectr email marketing program since January, 2015. The Prospectr program has provided us with consistently high quality leads. I'm particularly impressed with the level of decision maker that this program reaches. Since we've been utilizing the Prospectr program as our primary lead generation tool, I have closed numerous accounts, and we've seen our monthly revenues increase nearly 40%. Our Return on Investment has been well over 100%. I have utilized several forms of lead generation previously, Prospectr is clearly the best program I've seen in our industry."

—Randy Girton, Regional Manager, System4 Chicago

"Prospectr Marketing delivered the high quality leads to our company exactly as they indicated. Hot and warm leads, delivered right to your inbox. It doesn't get much better or easier than that."

—Isaac Hartsell, Partner, MN Services

This campaign has started to create a new revenue stream I would not have had without their efforts. I look forward to a long term working relationship with Prospectr."

"Having tried many marketing methods over our 25 years, I was a total skeptic regarding Prospectr's claim of generating responsive leads. I have been astounded and amazed to be proven wrong. Prospectr's did start providing very solid, concrete, CEO-level hot leads with solid projects and quote requests. After four months, some of these quotes have started to convert to sales. I have praised Prospectr's with many business colleagues in other industries, and have already referred to them three other interested companies."

"I must tell you that in my 22 years in this business, I am always looking for the next best thing to try to source deals. I believe that the traditional BDO model is broken and that one sees a revolving door of BDOs moving from company to company. I have avoided the traditional BDO model and am able to source deals based on our reputation and years in the business. What we experienced yesterday was astounding with the number of e-mails from truly viable companies and the fact that the response was from decision makers (Chief Executive Officers and Presidents). My business experienced a 200.96% ROI during the 45 day campaign that my partners at Prospectr ran for me. I say partners because they have become my premier marketing partners as I grow my business going forward. Some firms talk a big game but Prospectr delivered!”

“From the leads that Prospectr Marketing provided, in less than 6 months I have added \$18,000/m in reoccurring revenue, from those new clients I have completed over \$10,000 in special services as well. Since I gained enough reoccurring business I had to expand my operation to meet the demand created by adding two additional licenses. Since they did so well I added an additional market and now have an opportunity to add a \$15,000/m client in that market. I started Prospectr in just one of our geographic regions and now work together in three and hope to add more when my people are ready! Thanks for the GREAT partnership Prospectr!”

“After working with Prospectr over 13 months we remain EXTREMELY PLEASED with the Indianapolis campaign and its results have been nothing short of AMAZING. I will be hiring a NEW MANAGER in the coming weeks to be based in Louisville, KY. Once that person has been hired along with a potential investment in Tulsa OK, I will likely hire you to begin campaigns in one or both of those areas at that time. Thanks!”

“They are really GOOD People, I know this sounds weird to start off a recommendation, but honestly, its important too me in my evaluation process. We've been using them for at least 18 months now in Indy and its been GREAT overall. On a scale of 1 to 10 for Indianapolis, its easily 8.5 to 9. I can guarantee you that I have closed at a minimum 500k annualized commercial cleaning sales here in Indy alone with their program during that time frame and probably another 200k in Baton Rouge/OKC areas. That doesn't include 1x opportunities such as Floor/Carpet Care, Construction Cleanups etc

—Jerry Wenger, Owner, Pinnacle Facility Services

“We will be partnering with a company to help them manage their SEM, Video and Paid Social marketing. During the conversation, Brendan – copied here – expressed their urgent need for an email marketing partner. —Mark Brown, VP Sales + Marketing, Voltage Media Inc.

“Working with you for almost 2.5 years, we are getting more and more collections accounts placed after the client has been with us a year. Last month we had one account with a \$13,963.69 fee where there is no marketing fee. Although that does help your revenue today, it does prove your services are of great value to CCI. I wanted to give you a special **“Thank You”** for all you have done for us. The 17K we brought in for January was one of our bigger months we have had off Prospectr’s leads.” –2/5/2019

“In March we saw a significant increase in new clients. We added 16 new clients last month from your leads. That should help our revenue the next few months. :)” –4/4/2019

—Larry Barthel, President, Commercial Collectors Inc.

“I reached out to Prospectr Marketing after their own email promotion targeted my company. The content was written in a way that I wanted to learn more about and I decided to partner with them to offer the same type of growth for my company. I own a design firm and had the vision of growing across the country, not just local to PA where we’re based. Within 5 months

I decided to turn my office virtual, get rid of the overhead of a business rental office space and focus on long term nationwide growth. I look forward to continued success with Prospectr and would tell those on the fence to try it, In my case it has paid for itself four times over what the monthly cost was. Based off numbers, we’re going to continue and would urge you to do the same for your company.
